

OPTIONAL RECEIPT OF AN EMAIL ATTACHMENT

5

ABSTRACT OF THE DISCLOSURE

Methods, devices, systems, and media are disclosed for selective receipt of an e-mail attachment. One embodiment includes receiving an instruction from a sender to add a selectable notification of an email attachment to a first email. Further, the embodiment includes inserting
10 code in the first email to transmit a reply to the sender upon execution of the code by an email client, wherein execution is responsive to activation of the selectable notification by a recipient. Further still, the embodiment includes generating a second email having the email attachment upon receipt of the reply, and transmitting the second email to the recipient in response to the reply.
